

Franklin RT410S

SPECIFICATIONS

Features

- 4G LTE
- GPS
- Aluminum with Plastic Case
- External Antenna
- Ethernet
- Wi-Fi
- Portable
- Compact Design

Bands

- LTE: B2/B4/B5/B12/B25/B26/B41/B66/B71
- UMTS: B1/B2/B4/B5

In The Box

- RT410S Device
- Quick Start Guide
- USB C to USB C cable
- x2 External Antennas

Specs

- Qualcomm MDM9207-0
- Qualcomm WTR2965-1 RF Chip
- RJ-45 10/100Mbps Ethernet
- MDM Remote Management
- Standalone GPS
- Factory Reset Button
- 1- USB C port

Dimensions

- Device- 131.9mm x 64mm x 19.5mm
- Antenna- 152.3mm

Temperatures

- Operating: -10°C ~ 60°C
- Storage: -20°C ~ 85°C

Ultimate Connectivity Solution

Endless Applications

The M2M Box improves customer interaction in kiosks with reliable internet, ensures connectivity on the go for transport, powers digital signage, secures lottery machines, enables fast payments, and supports remote health monitoring with stable connections.

High-Performance

Experience high-performance connectivity with the M2M Box. It features WiFi 5 for fast, reliable internet access and dual external antennas for maximum signal strength. Connect up to 15 devices simultaneously and enjoy seamless, uninterrupted performance.

GPS with LTE Diversity

Benefit from GPS integration with LTE diversity, offering precise location services and enhanced connectivity.
