FLEETHOSTER™
FUELING YOUR FLEET WITH INTELLIGENCE

Asset Tracking Software

Tired of playing hide and seek with your equipment? Our asset trackers turn 'Where is it?' into 'Got it right here.' No guesswork, just real-time tracking.

- **Free** Hardware
- **No** Contracts
- **Flexible** Plan Options

VL02 Wired Tracker- A versatile GPS tracker tailored for industrial and commercial fleet applications.

ATW01-4 Wired Tracker- Rugged, weatherproof, and designed to provide robust tracking for several asset types that occasionally or always have a power source.

LL303 Solar Tracker- Boasting a powerful solar panel, magnetic charger, and an impressive IP67 waterproof rating.

LL01 Battery Tracker- Designed with two standout features— Slap-n-Track and a Rechargeable battery.

CL120 Cargo Lock Tracker- Designed for outdoor equipment monitoring within telematic systems, including a long-lasting battery and high-efficiency solar charging.
